

POSTDOCTORAL SCHOLAR IN MICROBIOLOGY/IMMUNOLOGY: Postdoctoral position is available immediately at the Cummings School of Veterinary Medicine at Tufts University, to join a group of investigators working on human enteric bacterial and protozoan agents. Qualified individuals with DVM and/or PhD in microbiology/immunology, with experience in the use of lab and in vitro and in vivo techniques, are preferred. The position offers opportunities for career development in translational research in serious human infectious diseases. Review of applications will begin immediately. Candidates should submit resume and names of three references including PhD mentor and current employers to Dr. Saul Tzipori, Department of Infectious Disease and Global Health, Cummings School of Veterinary Medicine at Tufts University, 200 Westboro Road, North Grafton, MA 01536 or by email (saul.tzipori@tufts.edu).

Tufts University, founded in 1852, prioritizes quality teaching, highly competitive basic and applied research and a commitment to active citizenship locally, regionally and globally. Tufts University also prides itself on creating a diverse, equitable, and inclusive community. Current and prospective employees of the university are expected to have and continuously develop skill in, and disposition for, positively engaging with a diverse population of faculty, staff, and students. Tufts University is an Equal Opportunity/ Affirmative Action Employer. We are committed to increasing the diversity of our faculty and staff and fostering their success when hired. Members of underrepresented groups are welcome and strongly encouraged to apply. If you are an applicant with a disability who is unable to use our online tools to search and apply for jobs, please contact us by calling Johnny Laine in the Office of Equal Opportunity (OEO) at 617.627.3298. Applicants can learn more about requesting reasonable accommodations at <http://oeo.tufts.edu>.
