Limited Submissions

LIMITED SUBMISSION: CDC - National Harm Reduction Technical Assistance and Syringe Services Program (SSP)

****PLEASE NOTE: ONE (1) PROPOSAL FROM TUFTS MAY BE NOMINATED IN EACH OF THE TWO COMPONENTS****

DEADLINES:
Tufts Internal Email of Intent Deadline: May 28, 2019 by noon
Sponsor Deadline: June 26, 2019

For those interested, please send an email of intent to the Limited Submissions Team at limitedsubmissions@tufts.edu informing us of an intention to apply. EOI’s received after the deadline will not be considered. The email of intent must include:

1. The name of the solicitation, and component to which you intend to apply,
2. The name of the Principal Investigator, and any co-PI's,
3. A 2-3 sentence description of the proposed project.

Should the number of interested applicants exceed the number allowed by the funder, an internal selection process will be conducted by the Office of the Vice Provost for Research, and candidates will be notified to submit internal application materials. All candidates will be notified of results. NB: Successful applications must include official notification from the Limited Submissions Team in order to submit. For more information, please see http://viceprovost.tufts.edu/resources/funding/limited-submissions/

PROGRAM PURPOSE:
• To strengthen the capacity and improve the performance of SSPs throughout the United States by supporting enhanced technical assistance (TA) to ensure the provision of high-quality, comprehensive harm reduction services, and supporting the development and implementation of best practices for patient navigation from comprehensive syringe services programs (SSPs) to community-based health and social services

PROGRAM REQUIREMENTS:
• Organizations can apply to Component 1, Component 2 or both, but must have separate work plans and budgets:
  o Component 1: Hard Reduction Technical Assistance and Demonstration project 1a: Patient Navigation pilot project. Support enhanced technical assistance and support development and implementation of best practices. Demonstration project 1a is required; separate work plans and budgets are needed
  o Component 2: Monitoring and Evaluation and Demonstration project 2a: IDU Surveillance pilot project: Improve capacity of SSPs to conduct process monitoring and evaluation. Demonstration project 2a is required; separate work plans and budgets are needed

• The program is expected to demonstrate measurable progress toward addressing short-term and intermediate outcomes shown in the logic model provided in the RFA (see link below)

ELIGIBILITY: No agency restrictions; please follow Tufts PI eligibility policies

AWARD INFORMATION: $6,925,000 over 3 years. Year one is funded at $4,975,000, with Component 1 funded at $850,000, and Component 2 at $125,000. The demonstration projects are funded in year one for a total of $4,000,000. Years two and three only Components 1 and 2 will be funded, at the same rate as in year one. Total funding available for years 2 and 3 is $975,000 per year.
