LIMITED SUBMISSION: Camille Dreyfus Teacher-Scholar Awards Program

****PLEASE NOTE: ONE (1) PROPOSAL FROM TUFTS MAY BE NOMINATED

DEADLINES:
Tufts Internal Email of Intent Deadline: November 6, 2018 by noon
Sponsor Deadline: February 7, 2019

For those interested, please send an email of intent to the Limited Submissions Team at limitedsubmissions@tufts.edu informing us of an intention to apply. EOI’s received after the deadline will not be considered. The email of intent must include:

1. The name of the solicitation,
2. The name of the nominee,
3. Confirmation that the nominee meets eligibility requirements,
4. A 2-3 sentence description of the nominee’s accomplishments in research and education.

Should the number of interested applicants exceed the number allowed by the funder, an internal selection process will be conducted by the Office of the Vice Provost for Research, and candidates will be notified to submit internal application materials. All candidates will be notified of results. NB: Successful applications must include official notification from the Limited Submissions Team in order to submit. For more information, please see http://viceprovost.tufts.edu/resources/funding/limited-submissions/

PROGRAM PURPOSE:
- Supports the research and teaching careers of talented junior faculty in the chemical sciences in the form of an unrestricted research grant.

PROGRAM REQUIREMENTS:
- Nominees must provide compelling evidence of the advance of important knowledge in the chemical sciences
- Nominees should describe concrete contributions to education in the chemical sciences, particularly with regards to undergraduate education
- Other considered factors include awards and honors, publication of research achievements in high-impact journals, and success in attracting research funding

ELIGIBILITY: Nominee faculty member must be in the chemical sciences, hold a full-time, tenure-track academic appointment, and should have been appointed no earlier than mid-year 2013; The Camille Dreyfus Teacher-Scholar Awards Program is open to academic institutions in the States, Districts, and Territories of the United States of America that grant a bachelor’s or higher degree in the chemical sciences, including biochemistry, materials chemistry, and chemical engineering. Nominee must be a part of a PhD-granting department in which scholarly research is a principal activity, and in which undergraduate education is an important component; please follow Tufts PI eligibility policies.

AWARD INFORMATION: Funds expended over 5 years, $100,000.00 total award.
